I see the creator in every single heart
The illustrations of
A boundless love indefinable by us
The offspring of one God

Transcending borders, Your kingdom knows no end
No label can define
All language fails to capture just one part
Of the Endless and Divine

We all want for one thing
We all live for love
We're all under one thing
The great mystery of God

PRE-CHORUS 2:

It all wants for one thing
It all lives for love
It's all under one thing
The great mystery of God

CHORUS:

Dm C G Em7
Take me out of the dogma and beyond my religion
Dm C G Em7
To live in infinite wonder of the world You made

With love much greater than religion
