

# Rainfall (D major, 100bpm)

Words and music by Will Adam

VERSE 1:

D                    A/D            D  
I thought that if I wandered I'd discover my life  
G                    A  
But all that I found was dry and waterless ground  
D                    A/D            D  
The search evaporated everything in my heart  
G                    A  
And tore me apart but You loved me

VERSE 2:

I thought that I knew better  
I thought I'd go alone  
Material things can turn men into kings  
But what's the point of being crowned  
King of Stuff  
If the crown turns to dust Lord You love me

CHORUS:

G    Asus4 A  
Like rainfall  
Dsus4    D    D/A            Bm7    A/B    Bm7/A  
Your kindness whispered bringing life to it all  
G    Asus4 A  
Like rainfall  
Dsus4    D    D/A            Bm7 A/B    Bm7/A  
You filled the air with Your petrichor  
G    Asus4 A    Dsus4    D    D/A    Bm7    A/B    Bm7/A    G    Asus4  
Rainfall

BRIDGE 1:

G                    A                    Bm            F#m/A  
In greens and blues I come alive  
G    A    E7sus4    E7    G    Asus4  
In knowing You I'm satisfied

VERSE 3:

Imagine if my life had worked out just as I planned  
You'd still hold my hand and follow me through the land  
Your kindness in my life is like a drop in the sea  
This flood of mercy brings me down to my knees

END-CHORUS

Your kindness whispers bringing life to it all  
Rainfall, You fill the air with Your petrichor  
Rainfall, Fragrance and colour bloom like never before  
Rainfall, Garden of Eden by Your grace is restored
